

# Health Outcomes 2008: FACILITATING KNOWLEDGE EXCHANGE AND TRANSFER FOR A DYNAMIC FUTURE

13<sup>th</sup> Annual National Conference  
April 30 – 1 May 2008, Canberra, Australia.

*Convened by the Australian Health Outcomes Collaboration*

## INFORMATION FOR POSTER PRESENTATIONS

Delegates to the 2008 Health Outcomes Conference are invited to present posters of relevant health outcomes work recently undertaken or currently underway. Your intention to present a poster, and the title of that poster, should be indicated directly to the Conference Secretariat at the address below, and the requirements outlined below should be followed. The poster will be included in the 2008 **Conference Proceedings**, which will be produced on CDROM. Please note that poster displays do not attract subsidised conference registration.

- We require an abstract of your poster by **5 March 2008** for consideration by the Conference Selection Committee. Poster abstracts are included in the conference handout material. Later submissions for poster display may be considered upon request. **Please note:** Posters must present original data, and are not to be simply advertisements of services provided by a particular organisation. You should receive acknowledgement of your abstract within 10 days of your sending it. If you do not receive acknowledgement, contact AHOC (Astoria Barr) without delay.
- We require an electronic version of your poster by **14 March 2008**. Your poster will be included in the CD Rom of the **Conference Proceedings** in the form in which you provide it, so please make sure it includes any relevant information about the authors and all contact and copyright details. Please email your poster to [astoria.barr@act.gov.au](mailto:astoria.barr@act.gov.au). Should you have any difficulty in publishing your poster in the Conference Proceedings please let us know this when you forward the abstract of your poster.
- Posters should have some protection (eg. lamination), and where individual sheets of information are being used these should be mounted on lightweight backing and be accompanied by a plan indicating how they are to be displayed. If there are difficulties with the delegate bringing the poster to the conference **by the dates and times set out below**, and you wish to deliver the poster to us by mail, **please let us know**. If delivered by mail/courier, we require the 'hard copy' of your poster by March 28 2008. **Papers must be mailed/couriered to the Conference Secretariat, Building 8, the Canberra Hospital (full address below), NOT the conference venue**. You should receive acknowledgement of your poster within 14 days of your sending it. If you do not receive acknowledgement, contact AHOC (Astoria Barr) without delay.
- Delegates must deliver their posters to the conference venue no earlier than April 29<sup>th</sup> and **no later** than 8.30 am on April 30<sup>th</sup>. Should you have any difficulty in meeting these deadlines please let us know when you forward your poster abstract.
- There will be poster presentations during the lunch break on both days of the conference, and authors (or their delegates) will be required to stand by their poster to answer questions. Information

about these presentations will be included in the handouts given to conference delegates on registration.

- It is the responsibility of Poster presenters to reclaim their posters on the last afternoon of the conference. The Conference cannot be responsible for returning posters by mail or courier.
